

Let's Dig Into History at Archives Lanark!

Discover the facts you need to uncover your ancestral past by attending one or all of our "dig into history" sessions. Each "dig" will be led by an experienced genealogical researcher who will present information on specific topics and follow up with a question & answer period.

After each session we invite our participants to explore our archives and continue their research, with the assistance of our experienced volunteers, until closing. Each "dig" will be an opportunity for budding researchers to meet like minded people, in a welcoming space, to share their knowledge and experience with others.

The cost per session is \$10
